

## Academic Overview:

# Microsoft® and Young Audience

## JONAS PERSSON

*Chief Operating Officer (COO), DPE  
International, Developer and Platform Group,  
Microsoft Corp*

A globetrotting doctor in chemistry and builder of extreme computers - who is passionate about the role of technology in societies around the world and the opportunities that software can bring to people's life.

In 2009 **Jonas Persson** was appointed Chief Operating Officer, for the Developer and Platform Evangelism Group (D&PE) International, Microsoft Corporation. Jonas had previously been the Senior Director of D&PE in Western Europe (WE) and has been a member of Microsoft's Western European Leadership team.

## VS2011 LOCALIZATION PROJECT

Twenty students of the Department of Computer Science of University of Verona have been selected to participate in the post-editing of Italian MSDN Library Content for Visual Studio 11. Microsoft will publish the content online in the form of a Translation Wiki on Visual Studio 11 and .NET Framework 4.5 Online MSDN Library.

University of Verona is the only Italian University involved in the project.

## HOW TO USE TECHNOLOGY TO IMPROVE YOUR LIFE?

Jonas Persson will introduce you an overview of the academic offer dedicated to Students. He will present to Students the big picture of a company as Microsoft and inspiring them to use technology to improve their life.
