Education and degrees

- Doctor of Medicine graduation - University of Brescia - grading 110/110 cum laude - 15/10/1999
- Postgraduate specialization in Urology - University of Brescia - grading 50/50 cum laude - 13/12/2004
- Italian Scientific National Certification as Associate and Full Professor of Urology (scientific sector previously MED/24 [6/E2], now MEDS-14/C [06/MEDS-14])

Academic Positions

- University of Brescia
 - Associate Professor from 11/2018 to 8/2019
- University of Verona
 - Associate Professor, from 9/2019 to 10/2021
 - Full Professor, since 10/2021
 - Director of the residency program in Urology, since 10/2024

Teaching Activity

- Tutor for many medicine students and urology residents
- Supervisor of many theses of master in medicine and residency in urology
- Lecturer at the Degree Program in Medicine and Surgery (6th-year students)
- Lecturer at the Bachelor's Degree Program in Midwifery (3th-year students)
- Lecturer at the Residency program in Urology
- Lecturer/Proctor at the Master in Uro-gynaecology at the University of Perugia (Director prof Elisabetta Costantini), editions 2019-2025
- Director of the Master in Robotic Surgery at the University of Verona, editions 2021-2022
- Lecturer at the PhD Course in Regenerative medicine, technological surgery and translational at the University of Verona (coordinator prof Simone Giacomuzzi), editions 2025-2026
- Lecturer at the Master in Perioperative surgical nursing at the university of Verona (coordinator prof Andrea Ruzzenente), editions 2025.2026
- Lecturer for the European School of Urology (ESU, section of the European Association of Urology) courses on robotic surgery

Publications (source Scopus March 2026; extended report attached in a separate document)

Professional Experience

- Azienda Socio Sanitaria Territoriale (ASST) Spedali Civili di Brescia
 - from 5/2003 to 9/2019 staff member; director of the minimally invasive laparoscopic and robotic surgery programs
- Azienda Ospedaliera Universitaria Integrata Verona
 - since 9/2019 Chairman of the Urology Unit
 - since 9/2019 Chairman of the genito-urinary multidisciplinary team (GIURO - Gruppo interdisciplinare uro-oncologico)
 - since 6/2024 Chairman of the Department of Surgery and Oncology
 - since 4/2025 Chairman of the Renal Transplantation Unit,
 - since 2023 Board “Team multidisciplinare di chirurgia robotica”

Surgical experience

He performed as first surgeon +3000 major urological surgeries through open and minimally invasive - both laparoscopic and robotic - approaches, including all the most complex demolitive (as cystectomy with neobladder, nephrectomy and caval thrombectomy, advanced partial nephrectomy, heminephrectomy, etc) and reconstructive precedures (enterocystoplasty, ureteral augmentation with buccal and bladder graft, ureteral substitution with ileum, etc); since 6/2025 is performing minimally invasive living donor nephrectomy and renal transplantation. He trained many surgeons in Brescia and Verona.

Most commonly performed procedures	Total number
Radical prostatectomy	1279
Partial nephrectomy	934
Nephroureterectomy	520
Radical cystectomy	251
Pyeloplasty	218
Ureterectomy / ureteral reconstruction	129
Adrenalectomy	98
Simple prostatectomy	53
Kidney transplantation	19

Fellowships

- Urological department of the Martin Luther Halle-Wittenberg University (Prof Paolo Fornara), Halle (Germany) from 01/09/2004 to 01/12/2004
- Karolinska Institute (Prof. Peter Wiklund), Stockholm (Sweden) from 10/01/2015 to 25/01/2015

Visiting professorships

- Urology department of the Rennes University (prof Benoit Peyronnet)
- OLV Institute (prof. Alexandre Mottrie), Aalst (Belgium) 2010
- University of Milan (prof Francesco Rocco)
- University of Genova (prof Carlo Terrone)
- University of Vienna (prof Sharhok Shariat), 12/2021

- University of Trieste (prof Carlo Trombetta), 12/2019
- University Vita-Salute San Raffaele Milan (prof. Francesco Montorsi), 6/2024
- University of Foggia (Prof Giuseppe Carrieri), 11/2025

Humanitarian missions

- Urology department Ikonda Consolata Hospital, Tanzania, 1/2025

Patents

- “Nanocomposto iniettabile a base di un idrogel per imaging chirurgico (injectable nanocomposite idrogel based for surgical imaging)” (E0155461-VCR Application No./Patent No.23735854.4 - 1111 / 4536295)

Companies collaborations

- Consultant for Fantastificio SpA (virtual reality in surgical planning)
- Proctor for robotic surgery for AbMedica SpA
- Consultant for Digital Mosaik (virtual reality in surgical education)

Clinical Trials

Title	Identifier	Promotor	Founding	Site	Type	Status	Role
Cytogenetic analysis in renal tumors	-	University of Brescia	-	Spedali Civili Hospital	Prospective Interventional	Completed	Principal Investigator
RECORD1 (Italian registry on nephron sparing surgery for renal cancer)	-	SIU (Italian Society of Urology)	-	Multicenter, Italian	Retrospective Observational	Completed	Principal Investigator (local)
SATURN (Surveillance and treatment update renal neoplasms)	-	SIU (Italian Society of Urology)	-	Multicenter, Italian	Retrospective Observational	Completed	Principal Investigator (local)
RECORD2 (Italian registry on nephron sparing surgery for renal cancer)	-	SIU (Italian Society of Urology)	-	Multicenter, Italian	Retrospective Observational	Completed	Principal Investigator (local)
CLOCK (Clamp vs off-clamp the kidney during partial nephrectomy)	NCT02287987	AGILE (Italian group for advanced laparo-endoscopic surgery)	30,000 €	Multicenter, Italian	Prospective Randomized	Completed	Coordinator and Principal Investigator
EASE (European active surveillance of renal cell carcinoma)	-	European association of urology research foundation	-	Multicenter, international	Prospective, Interventional	Ongoing	Principal Investigator (local)
Preventive Versus Delayed Ligation of DVC During Robot-assisted Radical Prostatectomy	NCT03351088	University of Brescia	-	Spedali Civili Hospital	Prospective Randomized	Completed	Coordinator and Principal Investigator
Circulating tumor cells in prostate cancer	-	University of Brescia	-	Spedali Civili Hospital	Prospective Interventional	Completed	Investigator
Ex-vivo biopsy of renal tumors	-	SIU (Italian Society of Urology)	50,000 €	Multicenter, Italian	Prospective Interventional	Completed	Principal Investigator (local)
Active surveillance for T1a renal tumors	-	Oncological Network Lombardy	-	Multicenter, Regional	Prospective Interventional	Ongoing	Principal Investigator (local)
BLADE (Phase IV Study to Evaluate Bone Mineral Density in No-bone Metastatic Prostate Cancer Treated With Degarelix)	NCT03202381	Ferring Europe	50,000 €	Spedali Civili Hospital	Prospective Interventional	Completed	Principal Investigator
BONENZA (Assessment of bone response after LHRH-A and Enzalutamide plus minus Zoledronic Acid in prostate cancer patients with hormone sensitive metastatic bone disease)	EudraCT number: 2017-000305-21	Astellas Europe	200,000 €	Multicenter, Italian	Prospective Randomized	Ongoing	Investigator
Correlation Between iXip and Final Pathology Specimen From Radical Prostatectomy	NCT03413007	Xeptagen SpA	15,000 €	Multicenter, Italian	Prospective Interventional	Completed	Coordinator and Principal Investigator
PROTEUS (A randomized, double-blind, placebo-controlled, phase 3 trial of apalutamide plus ADT versus placebo plus ADT prior to radical prostatectomy in patients with localized high-risk or locally advanced prostate cancer)	EudraCT2018-001746-34	Janssen Global	85,000 €	Multicenter, international	Prospective Pharmacological	Ongoing	Principal Investigator (local)
PSC DS Uro DG 20 (Efficacy of Lactobacillus paracasei CNCM I-1572 (L.casei DG®) in the reduction of symptomatic recurrences of CBP)	-	Alfasigma	tbd	Multicenter, Italian	Prospective Interventional	Closed	Principal Investigator (local)
AUR87A (Glycosaminoglycan scores for surveillance of recurrence in Leibovich points \geq non-metastatic clear renal cell carcinoma)	-	Elypta AB	tbd	Multicenter, international	Prospective Observational	Ongoing	Principal Investigator (local)
CKDRCC (Pathology in non-neoplastic renal parenchyma: explorative analysis of potential biomarkers for postoperative renal failure prediction after nephrectomy)	-	University of Verona	-	AOUI Verona	Prospective Interventional	Ongoing	Principal Investigator
PROST-Net (Creazione di un algoritmo di apprendimento automatico per la segmentazione della prostata in immagini ecografiche e immagini RMN)	-	Laboratorio Altair, Dipartimento di Informatica, Università di Verona	-	Multicenter, Italian	Prospective Interventional	Ongoing	Principal Investigator (local)

ExVivo-Nanoldrogel (Analisi ex-vivo del marcatore sperimentale NanoLDHICG@idrogel nei tessuti umani prostatici e renali)	-	University of Verona	-	AOUI Verona	Prospective Interventional	Ongoing	Principal Investigator
PRELYNE (Diosmina, bromelina, meliloto ed esperidina: effetto preventivo nel linfedema correlato alla linfadenectomia pelvica estesa)	-	AOUI Verona	-	AOUI Verona	Prospective Interventional	Ongoing	Principal Investigator
COMPAR-P (Valutazione comparativa di nuove piattaforme robotiche chirurgiche per la procedura di prostatectomia radicale)	-	Regione Veneto	1.400.000 €	AOUI Verona	Post-market clinical follow-up	Ongoing	Principal Investigator
COMPAR-K (Valutazione comparativa di nuove piattaforme robotiche chirurgiche per la procedura di nefrectomia parziale)	-	Regione Veneto	-	AOUI Verona	Post-market clinical follow-up	Ongoing	Principal Investigator
PR1276-001 (Post-market Registry Evaluating the Safety and Effectiveness of the Optilume® DCB in a Real-World Setting)	-	EAU Foundation for Urological Research (EAU-RF)	tbd	Multicenter, european	Prospective observational with medical device	Ongoing	Principal Investigator (local)
IOV-PR-1-2022-OLIGOS (Impatto del trattamento sul tumore primitivo in pazienti con nuova diagnosi di neoplasia oligometastatica della prostata)	-	IRCCS IOV Padova	-	AOUI Verona	Prospective observational	Ongoing	Principal Investigator (local)
i-RECORD (International REgistry of COnservative or Radical treatment of localized kiDney tumors)	-	AOU Careggi, FI	-	AOUI Verona	Prospective observational	Ongoing	Principal Investigator (local)
R39_21_01 (Studio di fase III, a braccio singolo, per valutare l'efficacia e la sicurezza di ONCOFID-P-B (coniugato di paclitaxel e acido ialuronico) somministrato per via intravesicale a pazienti con carcinoma in situ della vescica non responsivo a BCG con o senza malattia papillare Ta-T1)	EudraCT 2022-001236-28	Fidia Farmaceutici	tbd		Prospective Pharmacological	Ongoing	Principal Investigator (local)
09/2023 proposal "ROBIOPSY - A new robotic device for prostate cancer biopsy"		European Research Council (ERC):	2.499.141 €	University of Verona	Proof of concept		Co-investigator
07/2019 "PROST - Autonomous Prostate Biopsy Surgery"; funding		European Research Council (ERC):	150.000 €	University of Verona	Proof of concept		
04/2024 PNRR-Salute: proof of concept proposal "Nanotechnology for image-guided surgery: clinical validation of a novel fluorescent compound (nanoLDH ICG@hydrogel) to visualize prostate cancer during robot-assisted radical prostatectomy"		Italian Government	1.000.000 €	AOUI Verona - Vito Fazzi Hospital Lecce	Proof of Concept		Principal Investigator
A phase III, single-arm study to evaluate the efficacy and safety of ONCOFID-P-B (paclitaxel-hyaluronic acid conjugate) administered intravesically to patients with BCG unresponsive Carcinoma in Situ of the bladder with or without Ta-T1 papillary disease.					Prospective Interventional	Ongoing	Principal Investigator (local)
HydealCyst A study to evaluate efficacy and safety of Hydeal Cyst® intravesical instillations in patients treated with intravesical chemotherapy or immunotherapy in non-muscle invasive bladder cancer					Prospective Interventional	Ongoing	Principal Investigator (local)
