PROFILE

Associate Professor of Occupational Medicine at University of Verona since 2020. Prior to this, more than 8 years of experience as a researcher at University of Brescia. Cumulatively 20 years of clinical experience as an occupational physician in large hospitals and public administrations. Main research topics fields include gene-environment interaction, biological risk, ergonomics. In the field of ergonomics, particular attention has been paid to assessment methods, the causal link between exposure and pathology, the role of psychosocial risk factors and the development of methodologies and tools for the primary, secondary and tertiary prevention of stress-related disorders and muscle-skeletal disorders. Co-author of more than a hundred publications 46 of which are original articles published in indexed journals.

LANGUAGE & COMMUNICATION SKILLS

Language

Mother tongue(s): Italian

Other language

English

Communication Skills

Communication skills have been developed over the course of more than 20 years of experience both as an adjunct professor first and associate professor later, and as a lecturer in courses aimed at workers. The activities carried out have involved, in particular, the need to adapt content and language to the different target groups of the training interventions (university students, residents and workers). Furthermore, in the area of research and clinical activities, interpersonal skills

were developed that enabled research activities to be carried out in multidisciplinary teams for participation in local, national and international funded calls.

PUBLICATIONS

Research activities in the main areas of scientific interest (gene-environment interaction, biological risk and ergonomics) have resulted in over 100 publications, including 46 original articles published in indexed journals.

The list of publications is available on request.

According to law 679/2016 of the Regulation of the European Parliament of 27th April 2016, I hereby express my consent to process and use my data provided in this CV
