Summary of skills

- Experience gained in clinics using instruments: Slit lamp(using VOLK 90- 90superfield-78 lens), OCT/Angio OCT/Fluorangiography using OCT Topcon Triton Plus), and orders eye examinations devices.
- Capable to carry out resources (after Royal free Hospital librarian's course) and currently working on a long -term systematic review project with Dr Saurabh and a retrospective/prospective study with C.J.Trombetta.
- Highly organized, which allows me to keep appointments, records, and patient details in order.
- Familiar with giving appropriate advice to the patient in order to make them feel more comfortable in the clinic.
- Analyze practice experience and planning actions using evidence based-medicine to keep errors low.
- Team player with exceptional organizational and communication skills.
- Adept in using "OCULUS surgical training system" that will help me to be more functional in a real surgery session.

Interests

I liked to pushing myself into new boundaries in free time. I have been winner of Mixed Martial Arts championship with WTKA. I'm practicing diving with scuba Tanks, ski and running. I like to travel and discover new culture and document travels with my camera around the world. Video production is my new hobby and help me express my creativity.
