EDUCATION

- 2009 *PhD in Personality and Social Psychology*
University of Padova
Thesis: Intergroup trust in the investment game: The role of status.
Supervisor: Prof. Dora Capozza.
- 2003 *Laurea quinquennale in Psicologia* (equivalent to MSc)
University of Padova
110 cum laude.
Thesis: Devianza sociale e mobbing: Verifica di un modello [Social Deviance and mobbing: Testing a model].

RESEARCH INTERESTS

My research interests focus on intergroup relations – prejudice, stereotypes, and their reduction – and group processes. In my main line of research, I study intergroup contact, particularly when and how intergroup contact reduces prejudice in various intergroup contexts. In other lines of research, I investigate bicultural identity and the associated processes, the reduction of social bias in AI systems, and the role of social identity in individual well-being.
