## 2. Track-Record

### Scientific production

During my career I have produced more than 140 publications, of which 132 full papers in international scientific Journals, 4 full papers in national scientific journals, 2 books, and 3 book chapters. In almost all of the papers I was first, second, or last author with a substantial contributing role. I published papers not only in mental health journals, but also in top general journals, for example in the Lancet. A detailed list of my international papers can be accessed at: <https://pubmed.ncbi.nlm.nih.gov/?term=purgato%2Bm&sort=date>. In terms of scientific impact, these are my bibliometric indicators, and citation trend (Google Scholar):

### Selection of research achievements in relation to my track record

The following achievements prove my potential for establishing myself as a research leader in my field:

- 1) Based on a weighted h-index score (considering age and continuity of publications over time), my position is 2<sup>nd</sup> in the ranking of the >120 scholars of the Department of Neurosciences, Biomedicine and Movement Sciences, UNIVR;
- 2) In the 2024 I entered in the list of the World's most cited scientists, and among the four scientists awarded with this title at UNIVR, I am the youngest researcher; [https://clarivate.com/highly-cited-researchers/?action=clv\\_hcr\\_members\\_filter&clv-paged=1&clv-category=&clv-institution=University%20of%20Verona&clv-region=&clv-name=](https://clarivate.com/highly-cited-researchers/?action=clv_hcr_members_filter&clv-paged=1&clv-category=&clv-institution=University%20of%20Verona&clv-region=&clv-name=)
- 3) Since the beginning of my career, I successfully secured funding through EU and other international and national grants to cover my team's salary for conducting high-impact research in global mental health.
