## ITALIAN LANGUAGE TEACHER & LEARNING FACILITATOR

I help students find and sew their learning strategies in various projects, proposing accessible, inclusive, and intercultural experiences. I overcome challenges by valuing talents and uniqueness, reflecting with students and colleagues on coping and learning strategies to recognize and achieve their goals. I'm comfortable working within heterogeneous and ability-differentiated classrooms and am particularly interested in literacy practices for adult learners who are either illiterate or have short prior formal education. As for me, I grew up with Jota, proud and spirited plongeur, BuxWV 235 and F 2.29 recreational player, LWV 43 / RCT 44 believer, KV 401 oriented, BWV 1061 dreamer, Basaglia & Jobel OdV follower, PhD pedagogy candidate.
