Application documents

Download and print the overview of your online application (printed application)

Obtain signatures and upload it, along with the following documents:

- Transcript of Records (ToR): Master's students must upload Master+Bachelor ToR
- Motivation letter
- Language Certificates
- CV (to develop a Bachelor/Master Thesis)

Course restrictions

Most of the courses have Spanish tuition.

Courses have a limited number of enrollments so we cannot guarantee beforehand the acceptance.

Some courses are restricted by agreement.

[School of Informatics](#)

[Escuela Técnica Superior de Ingeniería Informática](#)

- [Bachelor's Degree in Informatics Engineering](#)
- [Bachelor's Degree in Industrial Computing and Robotics](#)
- [Bachelor's Degree in Data Science](#)
- [Master's Degree in Informatics Engineering](#)
- [Master's Degree in Cybersecurity and Cyberintelligence](#)

Other remarks (!)

Guidelines for Bachelor/Master Thesis at ETSINF UPV:

According to the general rules for Bachelor/Master Thesis (BT/MT) established by the Universitat Politècnica de València, a BT/MT reflects the application of the competences to be acquired in a degree. It should be an original and professionally oriented project reflecting the knowledge, skills and competences acquired throughout the period of studies, with a special focus on the competences involved in completing a BT/MT. Here you have more information on [Bachelor's Thesis](#) and [Master's Thesis](#).

Language requirements:

On the following link, you will be able to see the specific language requirements for exchange students: [ERASMUS+ and Swiss students \(Intra-European Mobility\) | SIN | UPV](#).

When a course is marked as "English Friendly", it means that the lecture is taught in Spanish, but students can ask and get an answer in English. Most teachers also offer their material in English. You can find more English friendly courses [here](#).
