About Dublin

Located on the east coast of Ireland, Dublin began as a Viking settlement founded over one thousand years ago. In the 21st century, with a population of over one million people, Dublin is the thriving capital of the Republic of Ireland and is the centre of the political, diplomatic, administrative and commercial life of the country.

Famous for its literary tradition, Ireland's capital has been home to writers from Jonathan Swift to William Butler Yeats and James Joyce. A visit to Dublin allows you to explore both the historical and the modern, from castles and churches to cafés and clubs.
