

APPLICATION PROCEDURE

Application deadline:

30th of May, 2026 for Full year and Fall semester mobility

1. Online registration

As soon as the applications are open, all the nominated students receive detailed application Guidelines. The students need to **create an account**, **verify** the account via their e-mail and **fill in** the online application form.

In order to submit the application, they also need to upload a Learning Agreement (signed by the Sending University), a Transcript of Records (from previous studies) and a Language Certificate (English or Greek).

2. Language requirements

We require a minimum B2 English Language Level, unless it is stated otherwise in the Bilateral Agreement, since some Faculties/ Schools require a higher Level of English Language. In case the student does not have an official Certification, most (but not all) Schools accept the results of the OLS/ EU Academy Test.

3. Greek Language Course

The students use the same online account to apply for the Modern Greek Language Course. Hence the Greek language application cannot be done prior to the on-line application. The students are notified about the Modern Greek Language Courses' applications in due time.

4. Application Processing

After we receive the application and **all** the additional documents, we conduct a preliminary check and then send all the folders to each Faculty/ School for the approval of the ECTS Coordinators.

The Coordinators conduct a detailed control of the application and the Learning Agreement and notify the Erasmus office for any corrections/ comments, in which case we ask the students to revise their Learning Agreements.

5. Acceptance procedure

As soon as the Coordinators return the documents approved and signed, we prepare the official Letter of Acceptance and send it both to the student and the partner University (usually within July).

Important Note 1: No student should arrive at Aristotle University without having received the official Letter of Acceptance!

Important Note 2: The Certificate of Attendance will indicate the dates students check in and check out at our Department, not their travel dates. Students should plan their arrival and departure according to our office hours to ensure proper registration and avoid scholarship-related issues.

The Erasmus Office accepts students from Monday to Thursday, 11:00–13:30, only after booking an [appointment](#).

Accommodation

The University doesn't own or cooperate with Dormitories, as most exchange students prefer to rent private flats or rooms. However, to support incoming students in their search, we have created an Accommodation Guide with useful tips and resources:
